

# DWIN Grounded Document Fixture

This sanitized research note tests grounded evidence extraction, exact provenance, and deterministic evaluation.

| Arm          | Metric          |
|--------------|-----------------|
| Baseline     | Recall@5 = 0.60 |
| Intervention | Recall@5 = 0.80 |

Decision rule: accept only if Recall@5 improves and every result retains source evidence.
